

NOX FORM 81

PRODUCT DESCRIPTION:

LUBRINOX^(R) NOX FORM 81 is a medium viscosity, chlorinated extremely heavy duty forming oil. It is designed from performance proven extreme pressure, lubricity additives and highly refined solvent neutral base oils.

APPLICATION:

- 1) It is basically recommended for the deep drawing operations on tough metals to machine.
- 2) It is suitable for both ferrous and non ferrous metals including stainless steel and its alloys.

BENEFITS:

- 1) Resists high temperature, pressure and wear . Thus increases tool life.
- 2) Excellent surface finish.
- 3) Suitable for multi metal machining.
- 4) Operator's friendly.

PRECAUTION:

Avoid prolonged and repeated contact with used oil. Used oil contains potentially harmful contaminants. Keep out of reach of children. Used oil must be disposed off carefully to prevent damage to environment.

AVAILABLE PACK SIZE:

20 Ltr, 50 Ltr, 210 Ltr

TYPICAL CHARACTERISTICS:

Appearance	Clear fluid
K. Viscosity @ 40°C, cst	150
Flash Point, °C , COC, min	200
